## 5 stage Ultrafiltration Direct Drinking Purifier

Five stage ultrafiltration water purifier  
STRAIGHT DRINKING WATER

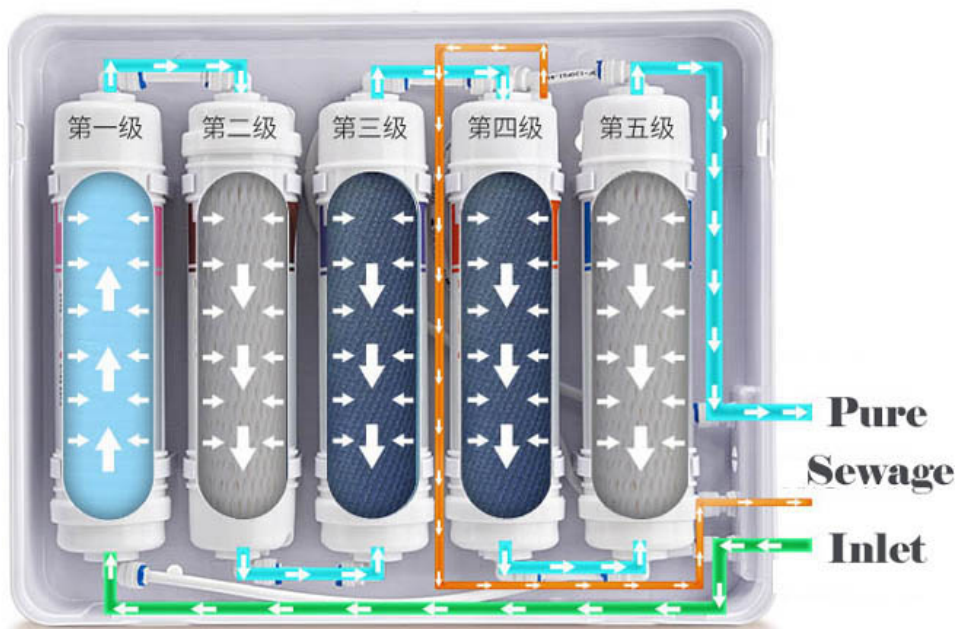

**Tempered glass, non-greasy, easy to clean**

**No electricity,  
tap water pressure drive filter**

## 5-stages Ultra Filtration purifier

**1 stage, PP, Remove large particles**

**2 stage, CTO, Removal of residual chlorine and pigment**

**3 stage, Composite, Alkaline filter element releases beneficial minerals**

**4 stage, UF, Remove bacteria**

**5 stage, Carbon, Remove odor, make water good taste**

**PP**

**CTO**

**Composite**

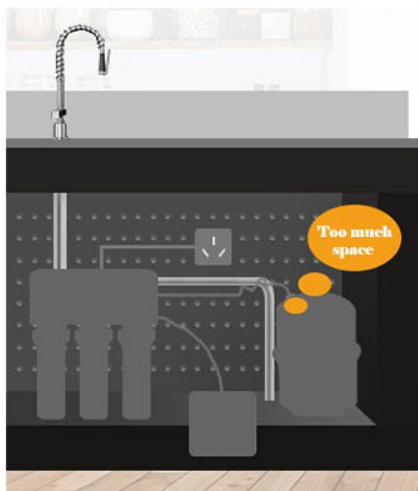

**UF**

**Carbon**

**Sewage discharge regularly**

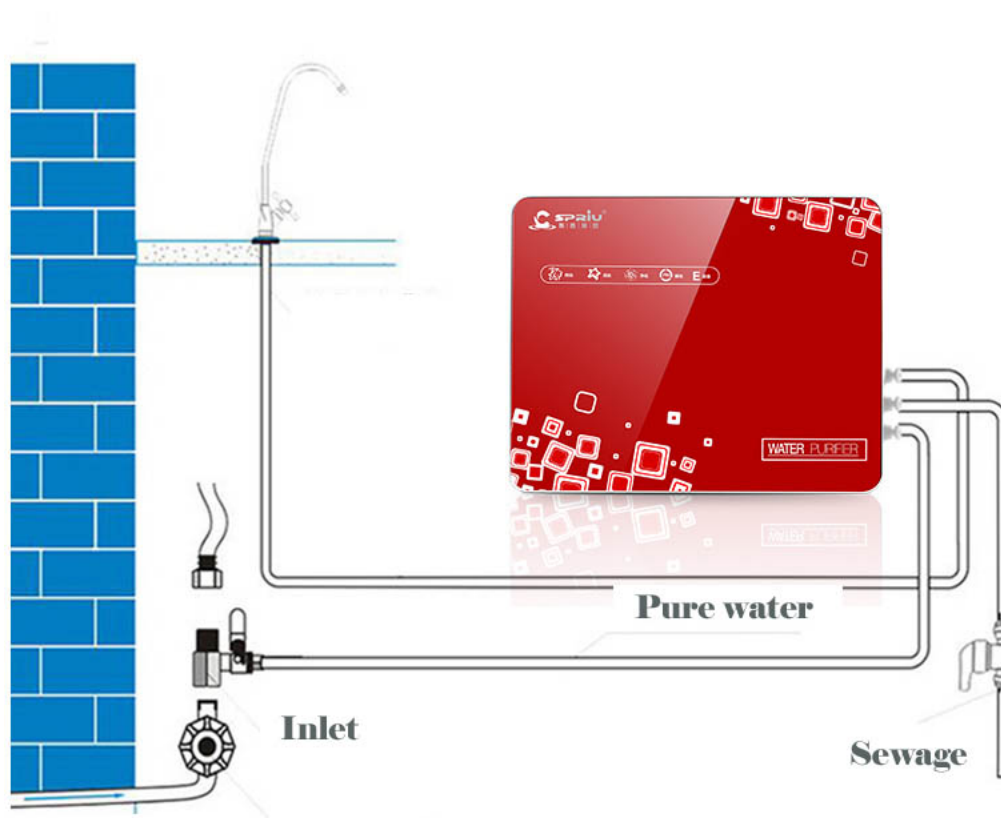

**Easy to install**

PK

## Installation schematic

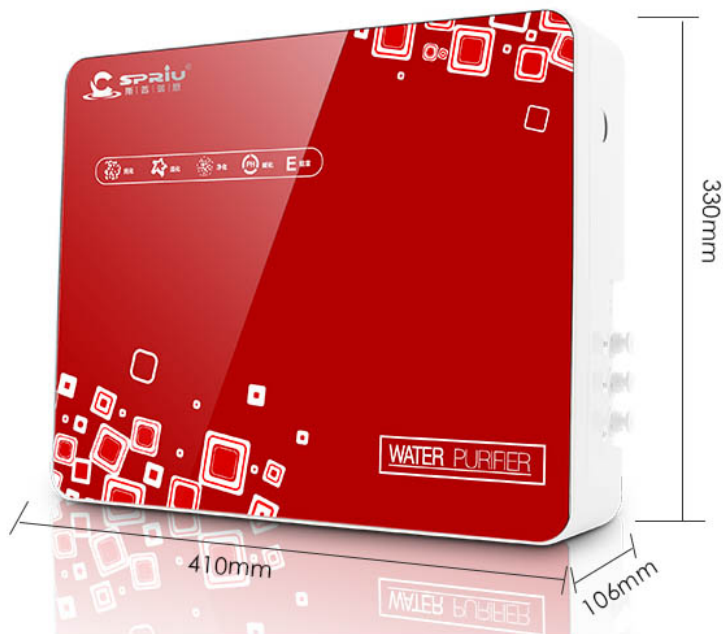

## Installation example

## Product parameter

**Water inlet pressure: 0.1-0.4Mpa**

**Product weight: 4.5kg**

**Filtration accuracy: 0.01 micron**

**Effluent water quality: direct drinking**
